ELECTRIC DESK RISER

LLR99552

List: ~~\$535.00~~EA

\$

WE DO IT STANDING UP

Amp up your productivity levels with the Electric Desk Riser by Lorell. With height ranging from 5-1/4" to 17-1/8" off your worksurface, the medical-grade electric motor features anti-collision technology to stop the up or down motion if the desk riser meets objects like coffee cups or bottles. Adjust the keyboard tray with just a push of a button and plug in with the convenient USB interface. Total measurements 28-3/4W x 35-3/4D x 17-1/8H. Standing up never looked so good.

MOUNTING ARM FOR MONITOR

LLR99986

List: ~~\$89.00~~EA

\$

LIFT YOUR PRODUCTIVITY... AND YOUR MONITOR

Single monitor arm works with desks or desk risers to tilt or rotate monitors for the most comfortable viewing. Adjust the height up to 18" and extend monitor up to 17" to customize it to your needs. Steel monitor arm includes a clamp and grommet mount. Holds up to a 32" monitor.

PIVOT CHAIR
LLR42169
~~List: \$199.00EA~~

PIVOT YOUR WAY TO SUCCESS

Cushioned seat adjusts in height from 26-3/4" to 36" so you can easily position yourself in optimal positions for comfort as you alternate between sitting and standing throughout the day. Features a square nylon base for stability, auto-return gas lift seat and a built-in handle for easy relocation.

WORK HEALTHIER

Soft, anti-fatigue foam delivers excellent support and resilience to relieve stress on your knees, feet, ankle joints and back while standing. Nonslip bottom stays put on smooth surfaces to prevent it from sliding through daily use. 53" L x 45" W x 0.80" D

SIT-STAND CHAIRMAT

~~List: \$267.31EA~~

ACTIVE BALANCE BOARD
LLR42160
~~List: \$129.00EA~~

IT'S ALL ABOUT THE BALANCE

Add this active footrest to your Sit-Stand configuration while you work. Anti-fatigue surface allows increased standing stamina and comfort. Unique, domed bottom allows you to move your feet with a gentle side-to-side motion for low-impact movement to work your core throughout your day and help to improve circulation. Active footrest is a fun, healthy way to stay active in the office.
